3 August 2021

Your Excellency

MBIE/AD/R/2021/2: Application for review of anti-dumping duties on preserved peaches from Spain

This letter is to advise you that, pursuant to section 17D of the Trade (Anti-dumping and Countervailing Duties) Act 1988, on 3 August 2021 the New Zealand Ministry of Business, Innovation and Employment (MBIE) started a full review of the anti-dumping duties currently in place on imports of preserved peaches from Spain (Review).

The goods subject to review (the subject goods) are:

Peaches in preserving liquid, in containers up to and including 4.0kg.

A copy of the New Zealand Gazette notice of the start of the Review is **enclosed**. The non-confidential application from the domestic industry alongside MBIE's Initiation Memorandum will be available shortly at <https://www.mbie.govt.nz/business-and-employment/business/trade-and-tariffs/trade-remedies/trade-remedy-investigations/>.

The Review will determine whether continued imposition of anti-dumping duties is necessary to offset dumping and whether material injury to the domestic industry is likely to continue or recur if the duties expire or are otherwise removed.

Should you have any queries in relation to the above, please contact the Trade Remedies Team by emailing TradeRemedies@mbie.govt.nz with the case number **MBIE/AD/R/2021/002** as the subject line. Please mark the message for the attention of Mike Andrews or Michaela Johnson.

Yours sincerely

Matthew Molloy
Manager
Trade and International Team
New Zealand Ministry of Business, Innovation and Employment
